

WAYCROSS COMMUNITY MEDIA

2008 Annual Report

2008 was a year of change for Waycross - not only in terms of personnel and facilities, but also in the regulatory environment in which we operate.

Our long-time Government Access Coordinator Thom Schneider moved on to a new position with Springfield Township. Jason Grzegorek moved into the coordinator role in August. We also added a new Program Technician, Chris Schnur, to assist with productions and training. Look for our new magazine show, *Waycross Connect*, in early 2009. On the facilities side, we upgraded the switcher in the control room and added a teleprompter and DVD player.

With the help of a \$10,000 grant from the Greater Cincinnati Foundation, we purchased an additional Tricaster, cameras, editing computers and support equipment for our educational access program.

On the regulatory side, Cincinnati Bell received a state Video Service Provider (VSP) "franchise," and began serving customers in the Forest Park Apartments. Time Warner then abrogated their local franchise with Forest Park in favor of a state VSP. What this will mean in the long run for Waycross is increased cost and decreased revenue based on the state franchise formulas. We are currently working with Cincinnati Bell to get our channels on their system. We hope to have that project completed in 2009.

We are facing our upcoming funding challenges head on. In August, we brought on board a Development Coordinator, to work on all aspects of fund-raising, including grants, sponsorships, and donations. A fund-raising committee has been formed to assist with this process. If you would like to help, please contact Development Coordinator Deborah René Davis (deborah@waycross.org).

Volunteer Recognition Night recognized many of our 300+ volunteers with a dinner and "hoedown" at the Hayloft Barn in Winton Woods. Our volunteers and staff earned 10 Philo T. Farnsworth Awards and 7 Blue Chip Awards in 2008. Congratulations to all who participated in these productions.

We have also been working with media centers across the US at the state and national level to encourage legislators and the FCC to strengthen laws protecting community media - to assure that the last remaining truly local television thrives in this environment of consolidation and non-local ownership. We are appreciative of the support from our communities - our local governments see the need for local media resources like our community access channels. The dialogues presented on our channels, from election forums and government meetings to a wide range of education, arts, culture and sports programming all help cement the bonds that keep us together as a community.
